Email address:

CORE SOURCES (EXCLUDES EU ETS & CCAs – see below)

- all electricity consumed through HHMs (including pseudo HHM)
- all electricity consumed through AMR meters
- all electricity consumed through profile class 5-8 meters
- all daily-read gas meters
- all gas consumed through AMR meters
- all non-daily metered gas consumption of more than 73,200 kWh per annum

RESIDUAL SOURCES

90% of your total footprint emissions must be regulated either by CRC or by EU ETS or CCAs – if 90% not covered by above then you will need to take into account residual sources

Aviation spirit (tonnes)
Aviation turbine fuel (tonnes)
Blast furnace gas (KWh)
Burning oil/kerosene/paraffin (litres)
Coke oven gas (KWh)
Coking coal (tonnes)
Colliery methane (KWh)
Diesel (litres)
Fuel oil (tonnes)
Gas oil (litres)
Industrial coal (tonnes)
Liquid petroleum gas (LPG) (litres)
Lubricants (tonnes)
Waste (tonnes)
Naphtha (tonnes)
Natural gas (KWh)
Other petroleum gas (KWh)
Petrol (litres)
Petroleum coke (tonnes)
Refinery miscellaneous (KWh)
Scrap tyres (tonnes)
Solid smokeless fuel (tonnes)
Sour gas (KWh)
Waste solvents (tonnes)

PLEASE UPLOAD COPIES OF SUPPORTING INVOICES/DELIVERY NOTES

NOTE THAT ANY ESTIMATES WILL BE SUBJECT TO A 10% UPLIFT

OUR SOFTWARE NOW NEEDS TO CALCULATE THE EMISSIONS FROM THE ABOVE

TOTAL FOOTPRINT EMISSIONS:

Less

Transport

Onward supply

Climate Change Agreement exemption

If you are a single entity participant and at least 25% of your energy use emissions are covered by a CCA, you will be exempt from CRC for all your emissions. If you lose your CCA exemption then you will be required to participate in CRC from the start of the next compliance year. Please provide details of your CCA

■ If any member of your organisational group has at least 25% of its emissions covered by a CCA, that member is treated as exempt when working out your group's total footprint emissions. Please provide details of your member's CCA

Any electricity credits to be deducted? (Calculated during footprint year)

EMISSIONS for purposes of CRC:
